Health Letter

To Parents & Patrons:

At this time of year, it becomes important to emphasize the practice of good hygiene to prevent the spread of germs which cause a multitude of illnesses. Please assist the Archie R-V School District in preventing colds, flu, viruses and various forms of staphylococcus (staph) infections by making sure your child:

- Keeps hands clean by washing thoroughly with soap and water or using alcohol-based hand sanitizer
- Keeps cuts and scrapes clean and covered with a bandage until healed
- Avoids contact with other people's wounds or bandages
- Avoids sharing personal items such as towels and razors
- Covers their mouth when coughing
- Disposes of used tissues

If your child is sick with a temperature, please do not send them to school until they have been free of a temperature for 24 hours. If you suspect an infection of any type, please contact your personal physician. Thank you for your continued attention and support during this cold and flu season.

Sincerely,

Sean Smith
