In case of bad weather this season, each MMYBL family should check the Inclement Weather Hotline: (410) 313-6827. Please check the hotline before heading out to school gyms for either team practices or games in case of closures.

If bad weather early in the morning - always call the Inclement Weather Hotline to determine if schools are open before heading out to the first game. If there's no recent Hotline update, the schools are open and games will be played. However, if during the day a Snow Emergency is put into effect for Howard County, all schools will close and this will be reflected on the Hotline message. Games in progress will be allowed to finish, but no new games will be allowed to start. Once closed, the schools remain closed the entire remainder of that day for all activities. Each new day is handled separately. If schools are closed on Saturday, it doesn't necessarily mean they will remain closed on Sunday. Again, always check the Inclement Weather Hotline: (410) 313-6827 for the most up-to-date information.

Once schools close, all practices are canceled. If there is a school delay (2 hour opening delay) team practices are on schedule as long as the school does NOT later let out early. If schools are let out early, the school will close for the remainder of the day and practices will be canceled. Either way, always check the Inclement Weather Hotline: (410) 313-6827.

If Howard County Schools are open, MMYBL Basketball practices will be held and games will be played. On Inclement Weather days, unless individual parish ministry overrules due to unforeseen events, the Hotline information is the final word - (410) 313-6827.
