Help your neighborhood high school while reducing your state tax bill!

The Arizona Department of Revenue has issued guidelines that allow a state income tax credit of up to \$400 for fees contributed by a taxpayer to a public school for the support of extracurricular activities.

The choice to support education is yours.

Thank you for your contribution.

Frequently Asked Questions

Q: I generally pay more in state taxes than I owe so I usually expect to receive a refund after filing my taxes. Will I still benefit from making a tax contribution to the school?

A: Yes. You will receive an even larger state tax refund, provided your total tax liability is at least equal to the tax credit. For example, if you expect a \$200 state tax refund and choose to contribute \$200 to the school, your state tax refund would increase from \$200 to \$400.

Q: What if I owe additional money for state income tax?

A: You may reduce your taxes owed by the amount of the credit allowed. For example, if you owe \$300 in taxes but donate \$400 to the school, you will receive a \$100 refund. If you owe \$600 on your taxes and donate \$400 to a school, the amount of taxes owed would equal \$200.

Just the Facts

According to the Arizona revised statutes (ARS 43 - 1089.01):

- The credit is applied against the taxpayer's Arizona state income tax
- "Extracurricular activities" are defined as "school-sponsored educational activities that require enrolled students to pay a fee in order to participate"
- Checks must be payable to the school or contributions can be accepted online
- The credit is available for any personal state income tax return
- It is not a requirement that the taxpayer have a child enrolled in the public school
